

EXTENDED STYLING SPRAY

Heat protection & hairstyle fixing spray

Multifunctional product with a double action: to be applied on damp hair, it is able to **protect hair from heat damages** caused by the hairdryer and, if then it is used a styling tool such as a flat or curling iron, it is able to effectively **prolong the hair style**, up to 48 hours.

It also strengthens hair so that they better resist the stress caused by styling and drying, making a complete ally for strong and healthy hair, especially with frequent hairstyles.

Extended styling spray

LSIN7492

Ingredients	Phase	%	Function
