

UP-CITRUS EXTRACT

Formulation guidelines

SCALP

Revitalizing calming lotion to soothe scalp, reducing **erythema, redness and itching** sensation thanks to the presence of Up-Citrus Extract, which is able to **regulate microbiota and perform a soothing effect**.

Whether of physic (pollution, dysbiosis, excess sebum) or psychosomatic origin (stress), it is widely common to **experience discomfort on scalp** caused by an irritative state, leading the way for products to calm and prevent these manifestations.

This hyper-fluid lotion leaves a **pleasant sensation** after application and it's extremely light, with no greasy residues on hair.
