

TRICHO-REMEDY

Anti hair-loss lotion

Hair loss is now not anymore a taboo, and above all, it is now common knowledge that it does not affect only man. Hectic lifestyles, pandemic and socio-economic crisis have put a lot of stress on people, and we know how **stress has a deep impact on hair thinning and increased loss**. This lotion is rich in active ingredients to **increase hair growth and proliferation**, such as Tricho-Solve, or **improve microcirculation**, such as X-Solve, making it a valid ally to **both prevent and counteract fragility and loss of hair**: results are proven by a **clinical test** that achieved important results in just 30 days!

Tricho-remedy

Ingredients	LSIN7294A		
	Phase	%	Function
Water	A	To 100	Solvent
Disodium EDTA		0.10	Chelating
Sodium Benzoate		0.30	Preservative
Caffeine		1.00	Active
Niacinamide		0.10	Active
Arginine		1.00	Active
Panthenol		0.30	Active
Biotin		0.01	Active
Potassium Sorbate	A'	0.25	Preservative
TREALIX® (Trehalose, Hydrolyzed Vegetable Protein)		1.00	Active
Sodium Ascorbyl Phosphate		0.10	Active
Saccharomyces/Zinc Ferment (and) Saccharomyces/Copper Ferment (and) Saccharomyces/Magnesium Ferment (and) Saccharomyces/Iron Ferment (and) Saccharomyces/Silicon Ferment (and) Water		1.00	Active
TRICHO-SOLVE® (Picea abies Extract, Cocoyl Proline, Glycerin)		5.00	Active
Alcohol	B	30.00	Solvent
Menthol		0.40	Functional
Retinyl Palmitate	B'	0.02	Active
Tocopheryl Acetate		0.02	Anti-oxidant
X-SOLVE® (Ethyl Ximenynate, Lecithin, Caprylic/Capric triglyceride, Glycerin)		1.00	Active
Solubilizing agent		qb	
ph adjuster	C	qb	

METHOD

Premix A, then add A' at 40°C. Premix B, separately premix B' and when it is completely solubilized, add B' to B, then to A. Adjust pH with C.

CHARACTERISTICS

Aspect:	Clear solution
Color:	Slightly yellow
Odor:	Characteristic
pH:	5.0—5.5
