

# Décolleté bigel

Consistent moisturizing gel with **10% of Red Alga Gel EC**: its texture is able to envelop skin, providing a deep **hydrating** and protective effect, leaving skin soft and cuddled. The additional presence of **Dolcévia**, de-stressing and anti-wrinkle natural ingredient, allows to achieve a **complete preventing activity** from premature skin aging.

Ingredients	Phase	%
<b>Aqua</b>	<b>A</b>	Up to 100
Sodium Benzoate		0.40
Disodium EDTA		0.10
Glycerin		2.20
<b>Dolcévia (Stevioside)</b>		0.50
Acrylates/C10-30 Alkyl Acrylate Crosspolymer	A'	0.50
Carbomer	A''	0.30
Caprylyl Methicone, PEG-12 Dimethicone/PPG-20 Crosspolymer	B	10.00
Polysorbate 20		0.40
Sodium Ascorbyl Phosphate	C	0.05
Aqua		0.40
<b>RED ALGA GEL EC (Ahnfeltiopsis Concinna Extract)</b>	D	10.00
Pueraria Lobata Root Extract	E	2.00
Phenoxyethanol, Ethylhexylglycerin	F	0.80
Parfum	G	0.10
pH adjuster	H	q.s.

## Characteristics

Aspect	Opalescent gel
Color	Ivory
Odor	Characteristics
pH	6.0 - 6.5
Brookfield viscosity SP5 RPM 10	15.500 - 20.000 mPa·s

## Method

Weigh and heat A at 75°C; add A' and A'' using turbo-mixing. Cool to 50°C and add B using a turbomixer, up to obtain a homogenous mixture. Cool to 30°C and add all the other phases. Adjust the pH with H.
