

Marine beauty soothing mask

Bring the beauty of the oceans into you skin with this recovery mask with 57% of Red Alga Gel EC! Thanks to the presence of Leniphenol, it also soothes skin from **daily burdens** and environmental assault, including UV light, pollution and inflammation.

Ingredients	Phase	%
Supreme	A	5.00
Dicaprylyl Ether		5.00
Glyceryl stearate		2.50
Cetearyl alcohol		2.00
Coco-Caprylate		4.00
Cetearyl Isononanoate		3.00
Tocopheryl Acetate		0.15
Canola oil/rosmarinus officinalis extract		0.05
Water	B	11.00
Sodium benzoate		0.07
RED ALGA GEL EC (Ahnfeltiopsis Concinna Extract)		57.00
Glycerin		3.00
Sodium dehydroacetate		0.20
Tapioca Starch	B'	2.00
Leniphenol® (Pinus Radiata Bark Extract)		1.00
Potassium sorbate	C	0.08
Water		2.50
CI 77491, Silica	D	0.50
Parfum	E	0.20
Lactic acid	F	qb

Characteristics

Aspect	Consistent emulsion
Color	Light pink
Odor	Characteristics
pH	5.0 - 5.5
Brookfield viscosity SP 6 RPM 20	30.000 - 42.000 mPa·s

Method

Weight phase A and heat at 70°C. Repeat with phase B, then add A to B under fast stirring. When it forms a homogeneous system, add the Tapioca and Leniphenol. Cool down to 30°C and add the remaining phases: C, D, E. Adjust pH with F if needed.
